

## History

At WSA, history is taught through our Creative Curriculum and English (e.g. literacy, guided reading). We help children to develop the ability to think historically, apply their skills and find answers to questions about the past.

Teachers ensure lessons are stimulating and engaging to deliver a broad and relevant history content to all of our children. Inspiring interests and providing real-life, hands-on experiences is highly valued, so where possible educational visits or visitors are used to do just this and extend our history curriculum.
