

Dignity and Respect

Due to quality support SEND children make rapid progress.

The school is fully inclusive and all have a chance to participate at events out of school.

Awareness of other cultures has greatly improved.

All who attend live The Wootton Way; Love Joy and Trust and show respect for each other.

Comments about outstanding behaviour often made by members of the public during visits and trips.

I just wanted to write to you about how well behaved the children who attend your school were at the panto yesterday.

*I was sat behind your school with my mum and my 3 year old little girl who has never been to the panto before and we both said how well behaved and polite all the children were. They are a credit to your school. It's rare now to get people saying anything nice so I thought I would email to let you know. The little boys who sat directly in front of us even asked us if we were having a nice time during the interval. I hope the teachers managed to wash all the shaving foam out of their hair!
(email from member of public Dec 2018)*

Conflict resolution allows children to build skill of forgiveness.
