

Pupil Premium Strategy Statement

Wootton St Andrew's Church of England Primary School

This statement details our school's use of pupil premium funding to help improve attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Detail	Data
School name	Wootton St Andrew's C of E VA Primary
	School
Number of pupils in school	60
Proportion (%) of pp eligible pupils	8.5%
Academic years that this plan covers	2022 - 2025
Date published	November 2022
Review date	September 2023

Funding Overview

Detail	Amount
PP funding allocation this year (22/23)	£6,925

Statement Of Intent

Throughout the Covid pandemic, school has revisited its overall vision and intent for all of our children. Our vision is at the heart of every decision we make and drives us in ensuring that we can all be the best that we can be and lead the best possible life, the life that God would want us to lead. This is also our underpinning intent for our curriculum. Our desired outcome is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers - this is a key aspect of our review of last year's plan. We also strongly believe that this focus, whilst important across the whole curriculum, must have a high focus on reading as the foundation of all learning and enabling success across other areas. A final realisation from the last two years has been on the need to look at the longer-term picture of supporting our learners to be emotionally stable and happy and have a stronger understanding of their own mental health – again an aim within our wider curriculum and strategies, but one that plays a key part in this strategy. Making our learners happy is fundamental and is built on building strong and secure relationships with their families.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support - reading. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers. There is also a focus that our high attainers in all groups will make at least the expected progress.

Our strategy is also integral to wider school plans for education recovery. One of the strategies will draw on funding from this stream as well as recovery and pupil premium funding.

Our approach will be responsive to common challenges as well as individual needs by diagnostic assessment internally and using external agencies where necessary such as specialist teaching service and educational psychologists.

The approaches we have adopted complement each other to help all pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they are set
- act early to intervene at the point need is identified
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes
- raise expectations of what disadvantaged pupils can achieve.

As previously stated, the above approaches are the ethos of our school where we believe every child can and will achieve to be the best that they can be, regardless of disadvantage.

Challenges

Challenge number	Detail of challenge
1	Narrowing the gap in phonics, reading and writing.
	Our assessments and observations indicate that the education and wellbeing of many of our disadvantaged pupils have been impacted by partial school closures to a greater extent than for other pupils. These

	findings are supported by national studies. This has resulted in
	significant knowledge gaps leading to pupils falling further behind age-
	related expectations as well as greater depth standards, especially in
	phonics, reading and writing.
2	Emotional and social issues including school-based anxiety
	Our assessments, observations and discussions with pupils and families
	have identified social and emotional issues for many pupils, notably due to
	Covid and anxiety about returning to school after school closures. These
	challenges particularly affect disadvantaged pupils, including their
	attainment. Referrals for support and other external referrals have
	markedly increased during the pandemic.
3	Early language concerns
	Assessments, observations, and discussions with pupils indicate
	underdeveloped oral language skills and vocabulary gaps among many
	disadvantaged pupils.
4	Opportunities for all
	Some activities and access to uniforms are not accessible to some
	children due to costs. This has resulted in disadvantaged pupils not
	always having the same opportunities.
	Ensure disadvantaged pupils engage with wider-curricular opportunities
	and experience cultural capital.
J	

Intended Outcomes

This explains the outcomes we are aiming for by the end of this current plan, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Learning to read and reading to	Achieve above national progress scores in KS2
learn = strong readers	reading.
Progress in reading improves for	Develop a love of reading with all pupils; more
all	notably disadvantaged pupils.
Pupils who display emotional	Targeted intervention.
behaviours and anxiety are given	Upper KS2 pupils are prepared and ready for
strategies to support these	secondary transition.
behaviours = moving from coping	
to thriving	
Pupils access a wide range of	As SEND needs are being addressed,
interventions to meet their	disadvantaged pupils make rapid progress which
SEND needs, including early	leads to them making expected progress or
speech and language	exceeding progress in Reading, Writing and Maths.
intervention.	External support services targeted early to
	disadvantaged SEND pupils.

All pupils, regardless of disadvantage, participate in a wide range of extra-curricular activities offered. All pupils to wear school uniform.	Disadvantaged pupils will be supported to participate in all opportunities. Pupil voice will target extra opportunities and track take up of these - disadvantaged pupils will be prioritised where appropriate. All pupils will be able to wear the school uniform, including the PE kit.
Quality first teaching for all	Disadvantaged pupils tracked and targeted within
pupils to ensure that progress	teaching and learning monitoring to ensure these
of expected and greater depth	pupils access teaching that enables them to make
disadvantaged pupils is at	good progress. Where this is not the case,
national average or better.	targeted interventions are put in place swiftly.

Activities In This Academic Year (Teaching)

Budgeted cost: £4,725

Activity	Evidence to support	Challenge number
Purchase of DFE validated systematic synthetic program and training for all staff- Little Wandle	EEF guide to PP - tiered approach - CPD is a high priority Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading (though not necessarily comprehension), particularly for disadvantaged pupils. https://educationendowmentfoundation.org.uk/education- evidence/teaching-learning-toolkit/phonics Training for all staff and buying of complete program and resources to ensure coverage of the recommendations in the link below. https://educationendowmentfoundation.org.uk/education- evidence/guidance-reports/literacy-ks-1?utm_source=/education- evidence/guidance-reports/literacy-ks- 1&utm_medium=search&utm_campaign=site_search&search_term=1 iteracy%20key%20stage%201	1,3
Planning support for all key staff with curriculum leads - enhancement of teaching and curriculum	Using a range of guidance including subject reviews by OFSTED and LA SIP/PLP support staff will be supported to look at teaching, pedagogy and curriculum to ensure that quality first teaching is in place. There are various evidence guidance with recommendations which can be found on EEF website depending on need. <u>https://educationendowmentfoundation.org.uk/</u>	1
Purchase of standardised tests (Rising Stars)	Standardised tests can provide reliable insights into specific strengths and weaknesses of each pupil to help ensure they receive the correct additional support through interventions or teacher instruction:	1

Targeted Academic Support

Budgeted cost: £1,700

Activity	Evidence to support	Challenge number
Using TAs to carry out Little Wandle and interventions for maths, reading fluency and comprehension Using TAs to develop speaking and listening skills and extending vocabulary	Huge emphasis has been placed on fluency in reading across all key stages - 'Fluent reading supports reading comprehension. When pupils read fluently their cognitive resources can be redirected from focusing on decoding and onto comprehending the text.' <u>https://educationendowmentfoundation.org.uk/news/eef-blog- shining-a-spotlight-on-reading-fluency</u> The research below supports this activity. There is strong evidence base that suggests oral language intervention, including dialogic activities such as high quality classroom discussion are inexpensive to implement with high impacts on reading. <u>https://educationendowmentfoundation.org.uk/education- evidence/teaching-learning-toolkit/oral-language-interventions</u> Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions. <u>https://educationendowmentfoundation.org.uk/education- evidence/teaching-learning-toolkit/phonics</u>	1,3
Increased teacher hours and modified TA support to enhance targeted support	EEF guide to PP - tiered approach - teaching is the first priority. Sutton Trust - quality first teaching has direct impact on pupil outcomes. Reducing class/group sizes whilst expensive does have impact and this can also be supported by the way we have used this strategy in previous years. <u>https://educationendowmentfoundation.org.uk/education-</u> <u>evidence/teaching-learning-toolkit/reducing-class-</u> <u>size?utm_source=/education-evidence/teaching-learning-</u> <u>toolkit/reducing-class-</u> <u>size&utm_medium=search&utm_campaign=site_search&search_ter</u> <u>m=reducing</u> Social and emotional learning improves interactions with other and self-management of emotions which impacts on attitude to learning and social relationships within school. Review of Outcomes From Previous Academic Year

The information below sets out the strategies in place for the academic year 2021/2022 and the evaluation the priorities.

Teaching

Activity	Evaluation/Impact
Ensure all relevant resources have been	This was unfortunately a little less successful
identified and purchased so that teaching can	as anticipated as there has been high levels

be organised into smaller groups and reading books connect closely to Phonics knowledge children are being taught.	of absence (staff and pupils) due to Covid. All children have been assessed with specific attention to those in KS2 who did not pass phonics testing in Y2. Plans for support were drawn up and timetables set so that interventions went ahead.
Equip all teachers with the knowledge they need to ensure that the curriculum is ambitious and relevant to all (cultural capital and intent).	The SLT lead the drive for this and ensured that the recovery plan was in place with an emphasis on the WSA curriculum. All have a greater understanding of the intent but more time is to be allocated for planning.

Targeted Academic Support

Activity	Evaluation/Impact
Establish small group and 1:1 support for pre and post learning support for Maths and English.	CPD targeted at TAs (reading recovery, Maths) created better quality sessions for pupils. TAs more confident to lead short sessions and have started to adapt planning without CT support.
Ensure targeted speech and language intervention in EYFS and KS1 is effective.	TAs given time for online CPD. Resources and planning now sorted in good time for sessions and feedback to CT is more accurate and effective. SALT team pleased with progress of pupils.

Wider Strategies

Activity	Evaluation/Impact
Ensure all including disadvantaged pupils have access to wellbeing support and time to talk.	HT trained to provide support for pupils in need of wellbeing support. Resource bank has been improved and plans for further support from WMIM (RDASH NHS) in place for next year.
Ensure all disadvantaged pupils have access to clubs, trips and uniform.	Uniform provided for 2 families. No trips taken due to Covid restrictions. This strategy will continue so as to allow all pupils to enjoy the same experiences and have access to the same learning with barriers reduced.
DDSL to undertake Mental Health Lead	Areas for consideration within school to be
course.	identified and an action put in place.
